PROFESSIONAL SUMMARY

Quality Assurance and Product Development professional with 7+ years of experience across packaging, garment accessories, and textile manufacturing in Bangladesh. Proven track record leading ISO 9001 and FSC audits, testing lab operations, product costing, and R&D, while working directly with global buyers such as BAT—British American Tobacco, JTI—Japan Tobacco International, M&S, Tesco, Inditex (Zara, Bershka, Pull & Bear, Stradivarius and Lefties), LPP, Primark, C&A, PVH, and Target. Strong background in QC team leadership, SOP development, and cross-functional coordination to deliver compliant, market-ready products.

CORE COMPETENCIES

- Quality Assurance & Control
- Product Development & R&D
- Product Costing & Pricing Strategy
- Testing Lab Setup (ISO 17025)
- Root Cause Analysis & CAPA
- ISO 9001 Implementation
- FSC & ISO Audit Leadership
- SOP Development & Documentation
- Vendor & Buyer Coordination
- Conduct Internal / External Audit

EMPLOYMENT HISTORY

Total Years of Experience : 7.9 years

Kalyar Packaging Limited

Kalyar Packaging Limited is a well-reputed and leading manufacturer of corrugated packaging solutions.

1. Assistant Manager, Quality Control & Product Development April, 2025 to Present 1.4 years

Key Responsibilities:

- Lead New Product Development (NPD) from concept, sampling, testing, approval, and launch.
- Manage product documentation, timelines, and budgets for timely and cost-effective product launches.
- Monitor product quality and compliance throughout the development cycle against approved specifications.
- Lead process improvement and QA initiatives to ensure consistent product development outcomes.
- Coordinate with suppliers and vendors to ensure material quality and specification compliance.
- Collaborate with Production, Supply Chain, Procurement, and other departments to resolve quality issues.
- Supervise and train QC personnel and effectively delegate quality-related inspection and testing activities.
- Maintain quality documentation, including inspection reports, SOPs, specifications, test reports, and NC records.
- Lead and support ISO and other internal/external audits to ensure product and process compliance.
- Investigate quality issues, conduct root cause analysis, and implement CAPA to prevent recurrence.

Nassa Group, Native Packages Limited

Nassa Group is a powerhouse in Bangladesh's textiles, garments, accessories, banking, real estate, and education.

1. Senior Executive, Quality Assurance & Product Development February, 2023 to Present 1.5 yrs

2. Executive, Quality Assurance & Product Development March, 2021 to January 2023 1.11 yrs

Key Responsibilities:

- Developed new products in line with customer requirements, quality standards, and defined timelines.
- Analyzed production costs and supported competitive pricing strategies for new product development.
- Developed prototypes and samples and conducted testing to verify functionality, quality, and compliance.
- Planned and supervised product development and production trials to ensure successful implementation.
- Developed and reviewed product specifications, process parameters, and quality requirements.
- Identified and implemented process improvements to enhance product quality, efficiency, and consistency.
- Monitored new product performance and implemented improvements based on customer and market feedback.
- Maintained product development records and sample archives, ensuring proper traceability of approved, tested, and counter samples.
- Investigated customer complaints and claims, conducted root cause analysis, and implemented effective corrective actions.
- Ensured compliance with SOPs, quality standards, customer requirements, and buyer manuals.

Epyllion Group, Epyllion Limited

Epyllion Group is a leading textile, garment, and accessory manufacturer in Bangladesh.

1. Officer, Laboratory & Quality Assurance	October, 2020 to February, 2021	0.5 yrs
